Prime Contractors - One-on-One Sessions

Subcontracting opportunities

Prime Contractors	Areas of Interest
<p>Absher Construction Company</p> <p>https://www.absherco.com/</p>	<p>Prime Contractor - Vertical Commercial Construction.</p> <p>Areas of Interest: Acoustic Installation, Aerial Crane Service, Asphalt Paving, Carpentry – Finish, Carpentry – Rough, Caulking, Concrete Structural, Demolition, Deconstruction and Recycling, Electrical - Construction High Voltage, Electrical - Fire and Security, Erosion Control, Excavation, Fall Protection, Fencing, Flooring Installation and Maintenance – Tile, Flooring Installation and Maintenance – Wood, General Construction – Interior, General Construction – Site, HVAC, Landscaping (including hydroseeding), Metal Fabrication, Plumbing, Roofing, Sheet Metal, Site Preparation and Earthwork, Steel Fabrication and Welding, Storm Drainage, Glazing, HVAC, Painting, Drywall.</p>
<p>Clark Construction Group</p> <p>https://www.clarkconstruction.com/</p>	<p>Commercial General Contracting</p> <p>Areas of Interest: Asphalt Paving, Carpentry – Finish, Carpentry – Rough, Carpeting Removal and Install, Concrete Paving, Concrete Structural, Demolition, Deconstruction and Recycling, Electrical - Power and Control, Elevator Repair and Maintenance, Excavation, Fire Protection Systems, Flooring Installation and Maintenance – Tile, Flooring Installation and Maintenance – Wood, General Construction – Interior, General Construction – Site, Metal Fabrication, Plumbing, Site Preparation and Earthwork, Steel Fabrication and Welding, Telecommunications – Interior, Window Installation and Repair, Abatement Services-Hazardous Materials, Acoustic Installation, Aerial Crane Service, Alternative Energy, production (Solar, Wind, Hydro, etc.), Carpentry – Finish, Carpentry – Rough, Carpeting Removal and Install, Caulking, Concrete Paving, Asbestos Abatement, Carpentry – Finish, Carpentry – Rough, Carpeting Removal and Install, Caulking, Concrete Paving, Electrical - Automated Controls, Electrical - Construction High Voltage, Electrical - Construction Low Voltage, Electrical - Fire and Security, Erosion Control.</p>
<p>Forma</p> <p>https://formacc.com/</p>	<p>Prime General Contractor - JOC/PDB/GCCM</p> <p>Areas of Interest: Abatement Services-Hazardous Materials, Acoustic Installation, Aerial Crane Service, Asbestos Abatement, Asphalt Paving, Carpentry – Finish, Carpentry – Rough, Carpeting Removal and Install, Caulking, Concrete Paving, Concrete Structural, Demolition, Deconstruction and Recycling, Drilling, Core and Rotary (incl. Water Wells, etc.), Electrical - Automated Controls, Electrical - Construction High Voltage, Electrical - Construction Low Voltage, Electrical - Fire and Security, Electrical - Power and Control, Erosion Control, Excavation, Fall Protection, Fencing, Fire Protection Systems, Flooring Installation and Maintenance – Tile, Flooring Installation and Maintenance – Wood, General Construction – Interior, General Construction – Site, HVAC, Landscaping (including hydroseeding), Masonry Repair and Restoration, Metal Fabrication, Painting and Industrial Coatings, Plumbing, Roofing,</p>

Prime Contractors	Areas of Interest
	<p>Sheet Metal, Site Preparation and Earthwork, Steel Fabrication and Welding, Street Lighting - Construction and Repair, Swimming Pool Construction, Repair and Renovation, Tennis Court/Sport Surfaces Renovation and Repair, Traffic Sign Installation and Maintenance, Trucking, Tunneling Services, Welding, Window Installation and Repair.</p>
<p>Flatiron</p> <p>https://www.flatironcorp.com/</p>	<p>Flatiron is the trusted partner to deliver innovative solutions to infrastructure challenges across the U.S. and Canada. Flatiron collaborates with public and private clients to deliver heavy civil infrastructure – including highways and bridges, aviation, rail and transit systems, dams and reservoirs, water and wastewater treatment facilities, broadband infrastructure, underground projects, as well as resiliency and flood protection. We employ the best people with the best solutions. We transform infrastructure.</p> <p>Areas of Interest: Abatement Services-Hazardous Materials, Acoustic Installation, Aerial Crane Service, Airfield Preparation and Painting, Alternative Energy Production (Solar, Wind, Hydro, etc.), Asbestos Abatement, Asbestos QA/QC Services, Asphalt Paving, Bridge Construction, Reconstruction and Rehab, Cable Installation, Carpentry – Finish, Carpentry – Rough, Carpeting Removal and Install, Caulking, Communication-Phone Installation, Concrete Paving, Concrete Structural, Demolition, Deconstruction and Recycling, Dredging, Drilling, Core and Rotary (incl. Water Wells, etc.), Electrical - Automated Controls, Electrical - Construction High Voltage, Electrical - Construction Low Voltage, Electrical - Fire and Security, Electrical - Power and Control, Elevator Repair and Maintenance, Erosion Control, Excavation, Fall Protection, Fencing, Fiber Optics, Fire and Water Damage Cleanup, Fire Protection Systems, Flood Control, Flooring Installation and Maintenance – Tile, Flooring Installation and Maintenance – Wood, Fuel Tank Maintenance, General Construction – Interior, General Construction – Site, Hazardous Waste Remediation, HVAC, Hydraulic Services, Industrial Mechanical, Land Restoration/Reclamation, Landscaping (including hydroseeding), Levee Construction, Rehabilitation and Improvements, Marine Construction Breakwall/Seawall, Breakwater, Marine Construction Dock Construction, Marine Construction Dock Fabrication, Marine Construction Pile Driving, Masonry Repair and Restoration, Metal Fabrication, Modular Building - Furnish and Installation, Modular Building - Repair and Maintenance, Painting and Industrial Coatings, Plumbing, Radio/Radar Tower Installation and Maintenance, Roadway Construction, Maintenance and Repair, Roofing, Scales, Sewer Cleaning/Repair, Sewer Diving Services, Sewer Inspection/Repair, Sewer/Pipeline Installation, Sheet Metal, Site Preparation and Earthwork, Steel Fabrication and Welding, Storm Drainage, Streamside Enhancement, Street Lighting - Construction and Repair, Tank Removal and Disposal - Soil Remediation, Taxiway and Runway Construction, Telecommunications – Exterior, Telecommunications – Interior, Thermoplastic Traffic Markings, Traffic Sign Installation and Maintenance, Traffic Signal Installation, Trucking, Tunneling Services, Underground Storage Tanks, Pole Installation, Removal and Relocation Service, Water System (Irrigation) Construction and Repair, Welding.</p>
<p>Gly Construction</p>	<p>Commercial Contractor.</p>

Prime Contractors

Areas of Interest

<https://www.gly.com/>

Areas of Interest: Asphalt Paving, Concrete Paving, Demolition, Deconstruction and Recycling, Drilling, Core and Rotary (incl. Water Wells, etc.), Electrical - Automated Controls, Electrical - Construction High Voltage, Electrical - Construction Low Voltage, Electrical - Fire and Security, Electrical - Power and Control, Elevator Repair and Maintenance, Fall Protection, Fencing, Fire Protection Systems, Flooring Installation and Maintenance – Tile, Flooring Installation and Maintenance – Wood, Hazardous Waste Remediation, HVAC, Janitorial Services and Building Maintenance, Metal Fabrication, Painting and Industrial Coatings, Plumbing, Roofing, Sheet Metal, Steel Fabrication and Welding, Tank Removal and Disposal - Soil Remediation, Telecommunications – Exterior, Telecommunications – Interior, Welding, Window Installation and Repair.

Graham

www.grahamus.com

Graham’s Bellevue location has been a leader in delivering roads, bridges, rail & transit infrastructure since 1992. With long experience and tremendous depth of knowledge and expertise, our team has successfully delivered many complex thoroughfare, interchange and transport infrastructure projects on time, on budget—to the highest safety, performance and environmental standards.

Areas of Interest: Abatement Services-Hazardous Materials, Acoustic Installation, Bridge Construction, Reconstruction and Rehab, Concrete Paving, Concrete Structural, Demolition, Deconstruction and Recycling, Erosion Control, Excavation, Hazardous Waste Remediation, Janitorial Services and Building Maintenance, Land Restoration/Reclamation, Landscaping (including hydroseeding), Painting and Industrial Coatings, Roadway Construction, Maintenance and Repair, Site Preparation and Earthwork, Traffic Sign Installation and Maintenance, Traffic Signal Installation, Trucking.

Guy F. Atkinson Construction

www.atkn.com

Heavy Civil Construction opportunities for sub-contracting, and career opportunities as well. Abatement Services-Hazardous Materials, Acoustic Installation, Aerial Crane Service, Airfield Preparation and Painting, Alternative Energy Production (Solar, Wind, Hydro, etc.), Asbestos Abatement, Asbestos QA/QC Services, Asphalt Paving, Bridge Construction, Reconstruction and Rehab, Cable Installation, Carpentry – Finish, Carpentry – Rough, Carpeting Removal and Install, Caulking, Communication-Phone Installation, Concrete Paving, Concrete Structural, Demolition, Deconstruction and Recycling, Dredging, Drilling, Core and Rotary (incl. Water Wells, etc.), Electrical - Automated Controls, Electrical - Construction High Voltage, Electrical - Construction Low Voltage, Electrical - Fire and Security, Electrical - Power and Control, Elevator Repair and Maintenance, Erosion Control, Excavation, Fall Protection, Fencing, Fiber Optics, Fire and Water Damage Cleanup, Fire Protection Systems, Flood Control, Flooring Installation and Maintenance – Tile, Flooring Installation and Maintenance – Wood, Fuel Tank Maintenance, General Construction – Interior, General Construction – Site, Hazardous Waste Remediation, HVAC, Hydraulic Services, Industrial Mechanical, Land Restoration/Reclamation, Landscaping (including hydroseeding), Levee Construction, Rehabilitation and Improvements, Marine Construction

Prime Contractors	Areas of Interest
	<p>Breakwall/Seawall, Breakwater, Marine Construction Dock Construction, Marine Construction Dock Fabrication, Marine Construction Pile Driving, Masonry Repair and Restoration, Metal Fabrication, Modular Building - Furnish and Installation, Modular Building - Repair and Maintenance, Painting and Industrial Coatings, Plumbing, Radio/Radar Tower Installation and Maintenance, Roadway Construction, Maintenance and Repair, Roofing, Scales, Sewer Cleaning/Repair, Sewer Diving Services, Sewer Inspection/Repair, Sewer/Pipeline Installation, Sheet Metal, Site Preparation and Earthwork, Steel Fabrication and Welding, Storm Drainage, Streamside Enhancement, Street Lighting - Construction and Repair, Tank Removal and Disposal - Soil Remediation, Taxiway and Runway Construction, Telecommunications – Exterior, Telecommunications – Interior, Thermoplastic Traffic Markings, Traffic Sign Installation and Maintenance, Traffic Signal Installation, Trucking, Tunneling Services, Underground Storage Tanks, Pole Installation, Removal and Relocation Service, Water System (Irrigation) Construction and Repair, Welding.</p>
<p>Kiewit Infrastructure West Co www.kiewit.com</p>	<p>Kiewit is a Large Heavy Construction - Heavy Highway Prime Contractor - ST Light Rail, WSDOT Fish Passages and U.S. Army C.O.E. Dam Work. Areas of Interest: Asphalt Paving, Bridge Construction, Reconstruction and Rehab, Concrete Paving, Concrete Structural, Demolition, Deconstruction and Recycling, Dredging, Drilling, Core and Rotary (incl. Water Wells, etc.). Erosion Control, Landscaping (including hydroseeding), Marine Construction break wall - Seawall, Breakwater, Marine Construction Dock Construction, Marine Construction Dock Fabrication, Marine Construction Pile Driving, Painting and Industrial Coatings, Plumbing, Steel Fabrication and Welding, Streamside Enhancement</p>
<p>Max J. Kuney Company https://maxkuney.com</p>	<p>Heavy Highway General Contractor. Areas of Interest: Abatement Services-Hazardous Materials, Asbestos Abatement, Asphalt Paving, Bridge Construction, Reconstruction and Rehab, Concrete Paving, Concrete Structural, Demolition, Deconstruction and Recycling, Drilling, Core and Rotary (incl. Water Wells, etc.), Electrical - Construction High Voltage, Erosion Control, Excavation, Fencing, Hazardous Waste Remediation, Land Restoration/Reclamation, Landscaping (including hydroseeding), Metal Fabrication, Painting and Industrial Coatings, Roadway Construction, Maintenance and Repair, Site Preparation and Earthwork, Steel Fabrication and Welding, Storm Drainage, Streamside Enhancement, Street Lighting - Construction and Repair, Thermoplastic Traffic Markings, Traffic Sign Installation and Maintenance, Traffic Signal Installation, Trucking, Welding. Analyses and Environmental Studies; Site Assessments; Site Restoration and Management; Solid Waste Handling Facility Engineering; Traffic Counts (Data Collection); Traffic Engineering.</p>

Prime Contractors	Areas of Interest
<p>Michaels Corporation</p> <p>https://www.michels.us/</p>	<p>Michels has expanded into the civil, energy, energy transition and renewables, foundations, marine, transportation, and water and wastewater industries.</p> <p>Areas of Interest: Asphalt Paving, Concrete Paving, Dredging, Erosion Control, Excavation, Fencing, Flood Control, General Construction – Site Landscaping (including hydroseeding), Marine Construction Breakwell/Seawall, Breakwater, Marine Construction Dock Construction, Marine Construction Pile Driving, Sewer Cleaning/Repair, Sewer Diving Services, Sewer Inspection/Repair, Sewer/Pipeline Installation, Site Preparation and Earthwork, Traffic Signal Installation, Trucking, Welding, aggregates, fuel supply, porta-potty rentals, container rentals</p>
<p>Skanska</p> <p>https://www.skanska.com/</p>	<p>Heavy/Civil Prime Contractor</p> <p>Areas of Interest: Abatement Services-Hazardous Materials, Acoustic Installation, Aerial Crane Service, Alternative Energy Production (Solar, Wind, Hydro, etc.), Asbestos Abatement, Asphalt Paving, Carpentry – Finish, Carpentry – Rough, Carpeting Removal and Install, Caulking, Concrete Paving, Concrete Structural, Demolition, Deconstruction and Recycling, Drilling, Core and Rotary (incl. Water Wells, etc.), Electrical - Automated Controls, Electrical - Construction High Voltage, Electrical - Construction Low Voltage, Electrical - Fire and Security, Electrical - Power and Control, Elevator Repair and Maintenance, Erosion Control, Excavation, Fall Protection, Fencing, Fiber Optics, Fire Protection Systems, Flooring Installation and Maintenance – Tile, Flooring Installation and Maintenance – Wood, General Construction – Interior, General Construction – Site, Hazardous Waste Remediation, HVAC, Landscaping (including hydroseeding), Leak Repairs, Masonry Repair and Restoration, Metal Fabrication, Painting and Industrial Coatings, Plumbing, Roadway Construction, Maintenance and Repair, Roofing, Sewer/Pipeline Installation, Sheet Metal, Steel Fabrication and Welding, Storm Drainage, Street Lighting - Construction and Repair, Telecommunications – Exterior, Telecommunications – Interior, Traffic Signal Installation.</p>
<p>Turner Construction</p> <p>https://www.turnerconstruction.com/</p>	<p>General Contractor - Construction Management</p> <p>Areas of Interest: Acoustic Installation, Carpentry – Finish, Carpentry – Rough, Carpeting Removal and Install, Demolition, Deconstruction and Recycling, Excavation, Fall Protection, Fencing, Flooring Installation and Maintenance – Tile, Flooring Installation and Maintenance – Wood, General Construction – Interior, Landscaping (including hydroseeding), Metal Fabrication, Modular Building - Furnish and Installation, Roofing, Steel Fabrication and Welding.</p>
<p>W.G. Clark Construction Company</p> <p>https://wgclark.com/</p>	<p>General Contractor over two construction concrete and wood frame.</p> <p>Areas of Interest: Abatement Services-Hazardous Materials, Carpentry – Finish, Carpentry – Rough, Concrete Structural, Excavation, Fire Protection Systems, Flooring Installation and Maintenance – Tile, Flooring Installation and Maintenance – Wood, Metal Fabrication, Painting and Industrial Coatings, Roofing, Welding, Window Installation and Repair.</p>
